INTRODUCTION

The *Illinois Register* is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1985, ch. 127, pars. 1001 et seq., as amended).

Solar calculations are to be based upon HUD Intermediate MPS. Such calculation procedures shall be reviewed by the Commission (or the Department in the case of a nonregulated utility), and approved if the information submitted by the utilities:

- 1) is consistent with the procedure contained in the above referenced document;
 - 2) contains current price estimates for fuel, material and installation services; and
 - 3) contains estimated cost-savings results which are plus or minus 10% of those findings which the Commission and the Department obtain after independently applying the same procedures in the above referenced documents to make their own calculation.
- j) Any cost and savings estimate for any applicable furnace efficiency modification to a gas or oil furnace or

This seasonal efficiency shall be based on estimated peak (tuned up) steady state efficiency corrected for cycling losses. Steady state efficiency shall be derived from manufacturer's design data and observation of the furnace components, or alternatively, by a flue gas analysis of measured flue gas temperature and carbon dioxide content.

k) Results of Program Audit

Upon completion of the audit an auditor shall provide in person the following written information to each eligible customer who receives a program audit, or that customer's designated agent. The information shall be presented on site, or if the customer elects, at another mutually agreed upon location (e.g., the utility). However, the actual installation costs you incur and energy savings you realize from installing these measures may be different from the estimates contained in this audit report. Although the estimates are based on measurements of your house, they are also based on assumptions which may not be totally correct for your household."
- 6) An estimate of the annual normal maintenance costs, if any, of each applicable program measure.
- 7) The possible economic benefits to the eligible customer of existing Federal tax incentives, with, at a minimum, one sample calculation of the effect of the tax benefit on the cost to the customer of installing one applicable energy conservation program measure and one applicable renewable resource program measure.

Section 900.80 Utility Accounting Procedures and Payment of Costs

a) Accounting

1)

A) Each covered utility shall, with respect to costs and revenues associated with its RCS Program, account for all amounts expended or received by the utility, separately from amounts attributable to any other activities.

B) These costs will include any penalties paid as a result of Federal Standby Authority for non-compliance with provisions of this Part.

2) Regulated utilities shall utilize account 916 of the ICC Uniform System of Accounts. Nonregulated utilities shall adopt accounts similar to FERC's accounts within their accounting systems as prescribed in Title 18, CFR 101, 104, 201, and 204.

3) Each nonregulated utility shall charge expenses attributable to the RCS Program to subaccounts within Account 908 (FERC), Customer Assistance Expenses, its equivalent or successor, or the appropriate account designated specifically by FERC for the RCS Program expenses. When reporting RCS Program expenses to the ICC, all regulated utilities shall use Account 916 (ICC) and shall arrange their records so that the costs attributable individually to program information and to the program audit can be readily identified.

4) Each utility shall account for billed income to the RCS Program. It shall be accounted for in subaccounts within Account 456, Other Electric Revenue (for electric utilities) or Account 495, Other Gas Revenues (for gas utilities), their equivalents or successors, or the appropriate account designated specifically by FERC for RCS Program billed income.

b) Payment of Costs

1) Each utility shall expense over all ratepayers the costs of providing information about the utility's RCS Program.

2) The ICC shall determine what portion of the costs of services provided by the regulated utility will be expensed and what portion will be charged directly to all residential customers.

Section 900.90 Customer Billing, Repayment of Loans, and Termination of Service

a) Customer Billing

1) When billing a customer for any costs for any RCS Program service, including those costs associated with arranged loans, each utility will identify the charges and list them separately. At a minimum, each utility will itemize the direct charges to a customer for the Program audit, any project manager functions (i.e., arranging for installation and financing), and post-installation inspection. If the customer and a listed lending institution mutually agree to repayment through the utility billing process, then the interest, principal and total amount due will be itemized separately from all other costs associated with the RCS Program.

2) Nothing in this Section shall preclude a covered utility from billing its customers for RCS costs along with the periodic utility bill, as long as the RCS costs are itemized separately in the manner described in the above paragraph. Covered utilities may bill customers separately for RCS charges, but payment for RCS charges may be made at the time all other utility charges are remitted.

3) RCS billing may occur as:

A) An item on the utility fuel bill

B) A separate bill included with the fuel bill

ILLINOIS COMMERCE COMMISSION

NOTICE OF PROPOSED REPEALER

- c) A separate bill not included with the fuel bill, but which may be repaid with the fuel bill.
- 4) When any portion of the costs carrying out an activity pursuant to this Part is included in a payment for utility or fuel services, payments received for such bill shall be first charged to pay for the purchase of utility or fuel service and only the excess shall be credited to charges for other costs or repayments, unless the eligible customer requests an alternative distribution of payments. The utility shall provide on the customer's bill sufficient space in which to allocate payment between the utility and lender.
- 5) The utility may charge the lending institution wishing to allow repayment through the utility for the costs of administering the loan repayment. The allowable charges for regulated utilities will be determined by the ICC.
- b) Termination of Service. No utility may terminate or otherwise restrict utility service or fuel upon customer default for repaying RCS Program non-utility charges and loans. If a customer fails to repay a non-utility loan, the payment for which is collected by a utility, the lending institution will be responsible for seeking the loan repayment.

Section 900.100 Master Record

- a) Listing Procedure. The Department shall establish and maintain a Master List of suppliers and installers of Program Measures as well as lenders who agree to participate in the RCS Program. The Master Record will be established in the following manner.
- 1) Within 30 days of the effective date of this Part, the Department will give notice of the intent to create the Master List by direct mail to appropriate trade associations and manufacturers of conservation materials, as well as publication in appropriate newspapers and trade journals.

ILLINOIS COMMERCE COMMISSION

- 2) Any supplier, installer or lender who responds to the Department's notice will be sent an application form, along with information about program requirements for listing. Application materials will also be made available by all covered utilities.
- 3) An applicant who meets the requirements for listing, as set forth in Section 900.100(d), and who certifies that the applicant will comply with the RCS Program requirements, will be informed by the Department and included on the Master Record. An application which is incomplete or does not otherwise meet program requirements will not be accepted by the Department for listing and will be returned to the sender.
- b) Listing Schedule
- 1) Any application which is received by the Department within 90 days of the date of public notice, pursuant to Section 900.100(a)(1), and is approved by the Department for listing, will be included on the first publication of the Master Record. The first edition of the Master Record will be compiled by the Department and made available to the covered utilities within 120 days of the date of public notice, pursuant to Section 900.100(a)(1). A covered utility will receive a Master Record that identifies firms willing to do business within the service territory of the utility. The sequence of names which appear on the Master Record will be selected on a random basis.
- 2) Any application which is received and approved after the first 90 days following notice of the Master Record will be included on subsequent lists published by the Department.
- 3) The Department will update lists on a 90-day cycle. Only additions or deletions that are provided to the Department during the first 8 weeks of the listing cycle will be included in the following month's update to the Master Record. Utilities will be provided with the updated list by the last day of the third month of each cycle. The addenda provided by the Department shall be appended to the

existing lists and provided to customers who have not already received lists of suppliers, installers, and lenders. A complete updated list of installers, lenders and suppliers will be provided each covered utility by the Department at least once every 12 months.

c) Delisting Procedures

- 1) Failure to comply with any of the requirements or conditions of the listing agreement including, but not limited to, those identified in Section 900.100(f) hereof, will be grounds for the initiation of delisting procedures. The Department will be notified of consumer complaints against suppliers, installers, and lenders by the Attorney General's Office of Consumer Protection and by post-installation inspectors. The Attorney General's Office will also notify the Department of the resolution of each conciliation conference. Where the supplier, installer or lender fails to correct violations, the Department will request the Attorney General to bring a complaint before the State Court. No supplier, installer or lender pursuant to this Part, a notation will be included on the Master Record in respect to such action.
- 2) At the discretion of the court, a delisted party may be granted a conditional relisting. During this conditional relisting period, each job performed by a delisted installer will be inspected or reviewed to assure that RCS program conditions are met. Cost of these inspections will be paid for by the conditionally relisted party. The inspections will be performed by the RCS post-installation inspectors. If subsequent violations are reported, final removal from the Master Record will be effected through a court hearing.
- 3) Notification of conditional relisting and final delisting against a supplier, contractor, or lender will be sent by the Department to each covered utility upon issuance of a final court order.
- d) Criteria for Listing of Suppliers, Installers, and Lenders. In order to be eligible for listing under the

ILLINOIS COMMERCE COMMISSION

NOTICE OF PROPOSED REPEALER

B) Each covered utility will ensure that all flue opening modifications, electric or mechanical ignition systems, wind energy systems, and active solar water heating systems are inspected within 1 week after installation or sooner if required by local building codes. If local inspectors are required by local regulation to provide such inspections, the utility will arrange to receive notification from the local inspector that the inspection has been performed within the time required by local codes and the utility will keep on file the results of the inspection.

2) The inspection will be conducted by a qualified inspector who may have also audited the home. The inspector will determine whether the installation was done according to DOE materials standards and installation contained in the Federal RCS Rules.

3) A notice of inspection will be completed and signed by the inspector. The notice will indicate whether standards contained in subsection (a)(2) above were met. If a violation is found, the certificate of inspection will indicate the nature of the violation. Both the customer and the installer will be notified immediately of the violation. The installer will arrange with the customer to repair the violation within a reasonable period of time. A second post-inspection will be conducted after the violation has been repaired. The cost of the second post-installation inspection will be paid by the installer. Customers may refuse a post-inspection unless a local permit is required.

4) A copy of each notice of inspection will be forwarded to the customer and installer within 3 business days, and a copy will be forwarded to the Department within 2 weeks of each inspections.

3) At least one installation of every Listed Installer shall be inspected during the life of the RCS Program. The inspection will be conducted by a qualified inspector who will investigate whether the installation was done according to DOE materials standards and installation standards.

4) A notice of inspection shall be completed and signed by the inspector. The notice will indicate whether the standards identified in subsection (b)(3) above were met. If a violation is found, the notice of inspection will indicate the nature of the violation. Both the customer and the installer shall be informed within 3 days of the violation. The installer shall arrange with the customer to repair the violation within a reasonable period of time. A second post-installation inspection will be provided after the violation has been repaired. NOTICE OF PROPOSED AMENDMENTS

Section 650.80

Grievance Procedures for Licensed Blind Vendors (Repealed)

- a) When a licensed blind vendor is dissatisfied with any action arising from the operation or administration of the Vending Facility Program, a request for an administrative review of the grievance may be made. The vendor shall give notice in writing by certified mail to the Coordinator of the Vending Facility Program. The notice shall state the particular rule or regulation the vendor believes to have been violated, or set forth the facts the vendor believes constitute some form of harassment or unreasonable interference with business.
- b) The Coordinator shall respond immediately to the notice of grievance, and shall do so in writing by certified mail. The Coordinator shall state the Department's position and shall cite any rules or regulations which justify the practice complained of. The Coordinator and blind vendor shall meet and attempt to resolve the grievance to their mutual satisfaction if at all possible.
- c) If no satisfactory resolution can be agreed upon, the blind vendor may request a formal evidentiary hearing. The request shall be in writing and by certified mail to the Director of the Department or the Director's designee at the correct address of the Central Office, Springfield, Illinois. The Department shall schedule such hearing at the earliest possible moment, at a time and place convenient to both parties. If no location or time can be agreed upon, the vendor shall make the final decision provided his or her objections to other times and locations have been reasonable, but not to exceed ten (10) days from the date of receipt of letter.
- d) The evidentiary hearing shall be conducted, and the rights of all parties shall be as set forth under Section 650.70 (b) (4), (5), (6), (7), and (8). However, the burden shall be upon the vendor to prove the grievance, rather than upon the Department to prove violation.

DEPARTMENT OF REHABILITATION SERVICES

NOTICE OF PROPOSED AMENDMENTS

e) The Decision

The evidentiary hearing officer shall make recommendations to the Director of the Department within fifteen (15) days subsequent to the hearing. The recommendations shall be based upon the record of the hearing and cite those portions of the record pertinent to the reasoning of the recommendations. The hearing officer shall recommend that the relief sought by the vendor be granted, or that the vendor's complaint is totally without foundation and that the relief sought be denied. The hearing officer may further recommend any intermediate solution so long as it can be justified by the record adduced at the hearing. Copies of the record and recommendations shall be sent by certified mail to the blind vendor and his or her personal representative, to the nominee agency and to the Department officials involved. The Director of the Department shall within fifteen (15) days of the receipt of the record and recommendations make a final order in the case, and shall agree with the hearing officer, or order some other solution. The Director shall make the order in writing and shall send it to all parties by certified mail.

- f) In the event the vendor is still dissatisfied with the Department, he or she may file an appeal with the Secretary of the Department of Education (DE), and have the case reviewed by an arbitration panel of the DE. The Randolph-Sheppard Act, as amended, shall apply to such hearings, as outlined in Section 650.70 (b) (8).

g) Costs

The Department as state administering agency under the Randolph-Sheppard Act, as amended, shall assume all administrative costs of the disciplinary proceedings of Section 650.70 and the grievance proceedings of Section 650.80 but shall not reimburse the blind vendor for expenses personally incurred because of those grievance proceedings.

COMMISSIONER OF SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED AMENDMENTS

12) Initial Regulatory Flexibility Analysis:

A) Date rule was submitted to the Business Assistance Office of the Department of Commerce and Community Affairs.

Monday, July 24, 1989

B) Types of small businesses affected:

Entities engaged in residential real estate mortgage lending activities as described in the Residential Mortgage License Act of 1987. The entities include residential mortgage lenders, engaged in soliciting, brokering, originating, funding or servicing loans secured by residential real estate for a fee.

C) Reporting, bookkeeping or other procedures required for compliance:

The proposed amendments include a new brokerage registration statement (Section 450-1040) that requires loan brokers to notify the applicant of the entity to which the loan has been brokered while deleting the requirement that loan brokers provide a list of the names of the entities to which the licensee intends to broker the loan (Section 450.1020(c)). Other proposed changes provide clarification to existing requirements that will enhance licensee's ability to accurately and efficiently meet those reporting requirements.

D) Types of professional skills necessary for compliance:

The proposed amendments do not require additional professional skills for compliance. The present Act and rules have created uniform procedures for residential mortgage lending that require a level of professional and ethical business practices that are commensurate with those of other regulated entities in the financial services industry engaged in residential mortgage lending.

Section 450.1335 Fees Prior to Closing

No licensee may require a borrower to pay any fees prior to the loan closing, except those in the nature of application fees and charges incurred by the licensee on behalf of the borrower to be paid to third parties such as credit agencies and appraisers; and a licensee shall not require a borrower to pay all or any of the points (or discount) prior to the loan closing.

- a) No licensee may require a borrower to pay any fees prior to the loan closing, except:

- 1) Those in the nature of application fees and charges to be incurred by the licensee on behalf of the borrower to be paid to parties such as credit agencies and appraisers; and
- 2) Those fees that are demonstrably commensurate with value provided by a licensee. A commitment fee may be charged prior to closing only if a licensee is able to demonstrate that:

COMMISSIONER OF SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED AMENDMENTS

- A) the commitment provided was written and accepted by prospective borrower;
- B) there was reasonable likelihood that a loan could be closed pursuant to the terms of the commitment;
- C) the value provided to the prospective borrower by the commitment was sufficient to justify the amount of the fee; and
- D) the licensee was able to perform under the terms of the commitment.

b) Notwithstanding the foregoing, a licensee may require commitment fees or points in exchange for delivery of a True-Rate-Lock-In. Such fees or points must be refunded if the residential mortgage loan does not close, ~~or is not approved~~ except when failure to close was due to action or failure to act by the borrower.

c) For purposes of this Section, "True-Rate-Lock-In" means issuing an unconditional written loan commitment at stated terms and interest rate without any qualification. A lender's commitment which contains a statement to the effect that the interest rate will be "x percent, or the rate in effect at loan closing, whichever is higher", or similar provision, does not constitute an unconditional written commitment. However, the following are not considered conditional:

1) A statement that the commitment is for a limited time ~~to be considered a qualification~~ (but the loan must be closed within the specified period of time).

2) A statement that the commitment is based upon information provided by the borrower and verifications of such information received by the licensee in the course of processing the application, or upon the execution and receipt of standard mortgage documentation.

3) A statement that it is understood there will be no change in the borrower's financial circumstances prior to closing which would result in the borrower's ineligibility for the loan based on the standards applied by the licensee in issuing the commitment. For example, such a statement might address the continued employment and creditworthiness of the applicant or total amount of outstanding indebtedness.

COMMISSIONER OF SAVINGS AND LOAN ASSOCIATIONS

NOTICE OF PROPOSED AMENDMENTS

- 4) A statement that the commitment is based upon normal requirements that the credit of the obligor and the security for the loan are at the time of closing the same as represented in the application for the loan. For example, this type of statement could deal with the condition of title to the mortgaged premises, or the construction or rehabilitation of the building.

No application for a second archery permit will be accepted after the publicly announced closing date for multiple archery applications. Applicants applying for two archery permits are ineligible to apply for a firearm permit until November 1.

- d) Two archery applications received after the closing date for multiple archery applications or firearm applications received before November and after submission of two archery applications will result in rejection of applications, and revocation of permits and forfeiture of fees.

- e) Landowners including non-resident and out-of-state landowners who own 40 acres or more of land, or tenants residing on 40 acres or more of farm land, and members of their immediate family whose permanent domicile is the same as that of the landowner or tenant, may apply for a free permit for their property only. The deer hunting permit issued without fee shall be valid on all farm lands which the person to whom it is issued owns, leases, or rents. (P.A. 84-1259, effective August 8, 1986) (Ill. Rev. Stat. 1987, ch. 61, par. 2.26).

For example, if 3 persons own 90 acres, only 2 of the landowners and their immediate family may receive deer permits. Shareholders of corporations owning 40 or more acres of land in a county may apply for a free permit to hunt the corporation lands only. If application is made for a free permit based upon lands owned by the corporation, a duly authorized officer of the corporation must sign a notarized statement authorizing the applicant to hunt on the corporate lands for which a permit is being requested. This statement must identify the applicant as a shareholder,

- a) Illinois resident hunters must have a current, valid "Firearm Deer Permit" (\$15.00). "Non-Resident Firearm Deer Permit" may be obtained by non-residents of Illinois provided that they shall be charged the same fee as an Illinois resident would be charged for a deer hunting permit by the State in which the applicant resides, except in no case shall the fee be less than \$50.00, and if the State in which the applicant resides does not provide for deer hunting by Illinois residents, then the fee shall be \$100.00. A permit is issued for one county and is valid only in the county stated on the permit. For permit applications and other information write to:

- b) Applications will be accepted beginning April 1 through April 30, 1988 of the current year. Applications received after April 30 will not be included in the lottery. Permits will be allocated in a computerized drawing in which the first choice of hunt areas or counties will be allocated before the second choice areas are considered.
- c) Counties with unfilled quotas after the drawing will be allocated in a Random Daily Drawing procedure. Applications for Random Daily Drawing will be accepted beginning August 1, 1988 of the current year. Applications received after October 31 will not be guaranteed a permit for the first second hunting season. A list of unfilled counties will be announced prior to the August application dates. Applicants must apply on a 1988 current year Firearm Deer Permit application form. All applications for the Random Daily Drawing will be processed individually.
- d) In-person and mail-in applications will receive equal treatment in the drawings. For the Random Daily Drawing, applications received one day will not be processed until all applications received for that day are mixed proportionately (mail and over the counter receipt). All applications received on a specific day will be processed before processing applications received for a subsequent day.
- e) Applicants must complete all portions of the 1988 current year permit application form. Incomplete or incorrect applications will be returned along with the applicant's permit fee for correction or completion if received in this office prior to April 30, 1988 of the current year. No more than 6 single applications per envelope will be accepted. Each applicant must submit a separate personal check or money order. Pope County shall be divided into Northern Pope and Southern Pope by Route 146, beginning at Golconda and extending westward to the Johnson-Pope county lines. Separate permits will be issued for each of these areas. Separate envelopes must be used to send permit applications to the Deer Permit Office for firearm, archery, and free or paid landowner/tenant permits.
- f) Applications for non-resident firearm permits will be accepted beginning October 15. These applications will not be processed until November 10 October 31.
- g) Applicants may apply as of November 1 for a firearm permit (\$15 fee) issued in a random daily drawing, from any permits left over from the county quotas to hunt the second 3-day firearm season. Applicants may be anyone that:

- 1) is applying for their first permit;
 - 2) was previously issued one firearm or one archery permit;
 - 3) was previously issued one firearm and one archery permit; or
 - 4) was previously issued two archery permits.
- h) Hunter preference in obtaining a permit will be given to unsuccessful lottery applicants from the previous year who were unsuccessful due to the county of their choice being full. The following criteria must be met to obtain a preference in the permit lottery:
- 1) The applicant must apply using the official agency preprinted Data-Mailer application.
 - 2) The applicant must be a resident of the state, be eligible to receive a Firearm Deer Permit, and not had deer hunting privileges revoked pursuant to Section 650.50.
 - 3) The applicant must apply for the same first county choice which he/she listed on the previous year's application. Preference for a permit is valid only for the first county choice.
 - 4) Where applicants apply as a group, preference for the entire group will apply as it does above for the individual. All first county choices for the group must be identical.
- i) Applications may be accepted at the counter window of the permit office; however, permits will be mailed.
- j) Permits are not transferrable. Refunds will not be granted, unless the Department of Conservation (Department) has erroneously issued the permit after the quota has been depleted or where the applicant was unsuccessful in obtaining a permit.
- k) A three dollar (\$3.00) service fee will be charged for replacement permits issued by the Department, except when permits are lost in the mail, then there will be no charge. Monies derived from this source will be deposited in the Wildlife and Fish Fund.
- l) Applications must have the Antlered-Only (a deer with at least one antler of a length of 3 inches or more) box checked if the application is to be considered for an Antlered-Only permit and the application is unsuccessful in the lottery for an Either Sex permit.
- m) Persons with lottery preference (i.e., who did not receive a Firearm Deer Permit during the previous year) will have first chance at receiving available Either Sex permits. Where the number of applications receiving

preference over-subscribes a county for Either Sex permits, the oversubscribed preference applications will be allocated Antlered-Only permits if the Antlered-Only box is marked.

Section 650.21 Deer Permit Requirements - Landowner/Tenant Permits - Paid and Free

Incomplete applications will be returned. Out-of-state landowners must obtain a non-resident hunting license, in addition to the deer permit. The fee for an out-of-state landowner deer permit is the same as an Illinois resident would be charged for an out-of-state landowner deer permit by the State in which the applicant resides, and if the State in which the applicant resides does not provide for deer hunting by Illinois out-of-state landowners, then the fee shall be \$100.00. These applications will not be subject to the public drawing or the Random Daily Drawing.

b) Landowners, including out-of-state Illinois landowners, who own 40 acres or more of land or tenants residing on 40 acres or more of farm land, and members of their immediate family whose domicile is on the same land as the landowner or tenant, may apply for a free permit for their property only. These applications will not be subject to the permit lottery described above or the Random Daily Drawing. The deer hunting permit issued without fee shall be valid on all farmlands which the person to whom it is issued owns, leases or rents. (Sec. 2.26 of the Wildlife Code, Ill. Rev. Stat. 1987, ch. 61, par. 2.26)

c) The immediate family of a landowner or tenant is limited to the spouse, children or parents permanently residing on the same property as the landowner or tenant.

d) A tenant for the purpose of Part 650 is one who rents 40 acres or more land for commercial agricultural purposes under an agreement with a landowner. Commercial agriculture shall be defined as utilization of land for the raising of hay, grain crops or livestock for profit.

e) Date of acceptance of landowner/tenant free permit applications will be publicly announced. Applications for county-wide paid permits must be submitted by March-1/February 28.

EXECUTIVE ORDER

89-3

AN EXECUTIVE ORDER

AMENDING EXECUTIVE ORDER 87-4

On June 8, 1989, I executed an Order establishing a State Interagency Council on Early Education to advise and assist the State Board of Education's Implementation of the provisions of the Federal Education of the Handicapped Act. One provision of the Order designated the Department of Alcohol and Substance Abuse and the Governor's Planning Council on Developmental Disabilities as non-voting, ex-officio members of the Council. Over the last year and a half that the Council has been in operation, the two named agencies have provided invaluable assistance to the State Board of Education and other members of the Council. At the suggestion of the Council Executive Committee, I am persuaded that those agencies should participate in the work of the Council as full voting members.

Furthermore, so that it is clear that the Council should focus on all manner of aiding early childhood growth and development, and not just Education, I shall rename the Council as the State Interagency Council on Early Intervention.

THEREFORE, I, James R. Thompson, pursuant to the authority vested in me as Governor by Article 5, Section 11 of the Illinois Constitution, order the following:

• That Executive Order Number 4 (1987) be and hereby is amended to redesignate the Illinois Department of Alcohol and Substance Abuse and the Governor's Planning Council on Developmental Disabilities as full, voting members of the State Interagency Council on Early Education.

• That Executive Order Number 4 (1987) be and hereby is further amended to rename the State Interagency Council on Early Education as the State Interagency Council on Early Intervention.

This Executive Order Number 3 (1989) shall become effective upon filing with the Secretary of State.

EXECUTIVE ORDER

89-4

AN EXECUTIVE ORDER ESTABLISHING WITHIN THE ILLINOIS EMERGENCY AND DISASTER AGENCY THE DIVISION OF TRAINING AND EDUCATION ADMINISTRATION AND MANAGEMENT

WHEREAS, on October 17, 1986, President Ronald Reagan signed into law Title I of the "Superfund Amendments and Reauthorization Act of 1986" (Public Law 99-499, hereinafter "the Act"), which contains national provisions for worker protection training for those who conduct emergency response and hazardous waste operations; and,

WHEREAS, the United States Environmental Protection Agency shall have the authority under the Act to promulgate rules as to specific training requirements for the approximately 10,000 State of Illinois employees engaged in emergency response and hazardous waste operations, which the Illinois Department of Labor shall be required to implement in accordance therewith; and,

WHEREAS, it is in the public interest to establish a comprehensive program for the training and education of State employees about potential work place hazards and to provide a centralized depository for OSHA/USEPA training information as well as the maintenance at a single location of a database and personnel records for all State employees trained; and,

WHEREAS, the Illinois Emergency Services and Disaster Agency (IESDA) now operates a statewide training program and serves as the State Emergency Response Commission for the purpose of implementing the closely related Title III provisions of the Act.

NOW THEREFORE, I, James R. Thompson, Governor of the State of Illinois, by virtue of the authority vested in me by Article V, Section 11 of the Illinois Constitution of 1970 do hereby order:

A. There is created within the Illinois Emergency Services and Disaster Agency a Division of Training and Education Administration and Management ("the Division").

B. The Division shall perform all duties and responsibilities prescribed by the federal Act and rules promulgated thereunder with special attention to all training and planning initiatives.

C. In carrying out its responsibilities, IESDA is authorized to seek the cooperation of any executive agency or office of State government to supply necessary data, reports or other information to carry out its duties under the Act. Each department, office, division or agency of the State is directed to the extent consistent with law, to reasonably cooperate with IESDA and to furnish it with such information, personnel and assistance as necessary to accomplish the purpose of the Act, the rules promulgated thereunder and this Executive Order.

D. This Order shall take effect immediately.

Issued July 21, 1989. Filed July 24, 1989.

The Sections Affected Index lists, by Title, each Section of a codified Part on which rulemaking activity has occurred in this volume of the Register and is divided into two parts: the first lists the Sections on which rulemaking activity occurred in the previous issues of this volume year; the second lists the Sections on which rulemaking activity occurred in this issue of the Register. (The headings at the top of each page indicate the two parts: the first part shows the previous issue numbers inclusively and the date of the last published issue; the second lists the current issue number and date.) The columns in both parts indicate the type of rulemaking activity and the action taken along with the page number on which the first page of the notice of rulemaking activity appeared. If a Section on which action is being taken in the current volume (calendar year) of the Register was proposed in a previous volume, the last two digits of the previous volume's year appear immediately after the page number separated by a slash, (e.g. 1 III. Adm. Code 100.280 was proposed last year and adopted this year. The action entry reads: (P-857786; A-724)). The codes for both columns are listed below. For a complete listing of the Titles of the *Illinois Administrative Code*, please refer to 1 III. Adm. Code 100.140 or contact the Administrative Code Division.
